

Just Some Things and None Things

sometimes you'll poop
it'll be so stinky and big
there is extra poop left over
even after the flush
a double bowl filler.

i need to go get your medicine
but you're asleep.
for the first time in some days.
I love when you finally get to sleep.
i whisper that i am going,
and you scowl at me.
you're very tired.

a very heavy and goofy arm
slams into my snoring chest.
you ask if i am even sleeping.
i am even sleeping but,
you just want to hangout.
its 4 in the morning
and the world is asleep.
but not our house.
our house is awake.
you ask for honey toast
with raspberries.

we're taking the spare bed into the living room.
we made a special playlist.
get lots of water ready.
we are going to get so fucked up.
ponyo is on
but we aren't really watching.
we are talking
and crying about
how much we love each other.
we want to make sure the other
never ever forgets.

you walked for three hundred years
sitnky feet that are very sore.
i say i'll rub them but
i just want to put my fingers between your toes.
i think it's funny because
i can't spread my toes like that.

most days we don't really do anything.
most days we just like to hangout.
we are doing nothing.
but it doesn't feel like nothing
because we don't need anything else.
our bellies are full.
our breath is stinky.
our hearts are happy.

every single day
our hearts are happy.
